## Why Us

- **We are local!** Therefore, support is always nearby. Our team provides 24/7 phone support answered by a human (not a machine), with no overseas call centres to deal with - ever. We also have experienced Techs-on-the-ground, ready and on call to assist when required.
- We offer the highest-security, network-grade architecture of any available service in the area. Our entire network is enterprise-grade and 100% fibre-optic, featuring redundant fibre paths for resilience, encrypted authentication & all customer fibre runs are 1:1 dedicated back to active equipment - no passive splitting.
- We can have you connected quickly, and we will not interrupt any of your current services (phone or internet) that might already be active, so effectively **zero downtime** if switching to us.
- **Improve your business productivity today**—our multi-gigabit Fibre-to-the-Premises network delivers fast, reliable, low-latency internet connectivity. We're committed to providing enterprise-grade broadband and exceptional customer service—technology often relied upon by large corporations—at prices designed for small businesses.

**We're here to help 24/7.** If you have any questions, just call us on **1800 40 20 10** so we can serve you better or you can visit us at **GBNCo.com.au** for additional information.

Only available in selected fibre-enabled buildings. Terms and conditions apply.
